The facility is located at 24862 US Highway 64 West, approximately four miles northwest of Taos, in Sections 26 & 36, T26N, R12E, Taos County. Ground water beneath the site is at a depth of approximately 210 feet and has a total dissolved solids concentration below 200 milligrams per liter.   | Kathryn Hayden<br><a href="mailto:kathryn.hayden@state.nm.us">kathryn.hayden@state.nm.us</a> |

Provided the applicant has met applicable requirements, the New Mexico Environment Department (NMED) will propose for approval a Discharge Permit containing limitations, monitoring requirements, and other conditions intended to protect ground water quality for present and potential future use. Information in this public notice was provided by the applicants and will be verified by NMED during the permit application review process. NMED will accept comments and statements of interest regarding applications and will create facility-specific mailing lists for persons who wish to receive future notices. Questions, comments or statements of interest should be directed to the NMED permit contact at (505) 827-2900 or at the following address: Ground Water Quality Bureau, PO Box 5469, Santa Fe, NM 87502-5469.
